Dana, fyi..... here's the brief email Ron sent to R3 folks so they could stand down on doing anything further regarding the provision of alternate water at a fifth home.

The RA did sent an email to the Administrator updating her on this situation and apparently copied Mathy and Lisa but Ron didn't get a copy so we don't have access to that to send along to you.

Have a nice weekend and thanks again for the OEM support. den.

The OSC met with the resident to offer bottled water - she was told that the state called her up on Wed to tell her that their analysis showed high arsenic levels and that Cabot came yesterday and gave her bottled water.

We will discuss next steps next week

Have a great weekend.
